JOHNSON STATE COLLEGE

CORAL REEF RUN

FIRST ANNUAL

On Friday, November 6th, at Johnson State College all are encouraged to join us in running for the reefs! All funds raised will be used to adopt and protect coral reef acreage in the Pacific waters surrounding The Republic of Palau. The acreage purchased will become part of a preserve to be managed and sustained forever. Our goal is to raise $5000 to preserve 100 acres of reef. We are proud to be participating in this event, which will help preserve one of the world's most diverse habitats.

Please sponsor me so I can help accomplish this task.
Make checks payable to: JSC Residential Life Office (indicate on check that it is for: Coral Reef Run)
